Vol. 115 No. 15 | Cameron, Milam County, Texas, Thursday May 2, 1974 | 12 Pages Today

TOPPING THE CORNERSTONE on the mall, these workers lower granite top onto the granit block which was once the cornerstone for the old Auditorium Hotel, torn down for the urban renewal. The top covers a "time capsule" of pertinent information which was placed inside the stone before two sides and top were added. On the top stone is a map with names of the original buildings that were in the center block before it was demolished for the urban renewal program.

Polls Open Saturday

Polls will open in Milam County at 8 a.m. Saturday for voting in the Democratic and Republican primary elections.

Precinct 2 voters in Cameron will vote at the Homemaking building on the Yoe campus. Other polling places remain the same as in previous years.

A full lineup of county, state and district offices appear on the ballot, along with a limited number of precinct contests in Milam and a referendum that offers voters a chance to say whether or not they favor pari-mutuel betting.

Two county commissioner races are on the ballot, as well as a three-man race for the constable's post at Milano.

Dalton Caffey,c ommissioner of Precinct 4 (Thorndale) has an opponent in James H. (Dick) McDaniel of Thorndale. Another incumbent commissioner, LaVert McKinney of Cameron in Precinct 2, is opposed by James L. Patzke, also of Cameron.

Seeking the Milano constable's job are Edward A. Sexton Jr., now serving by appointment, and O. Doug Leystra and J. T. Morgan.

Other contests on the ballot are state-wide, highlighted by the governor's contest that pits incumbent Gov. Dolph Briscoe and challenger Frances (Sissy) Farenthold. Two other gubernatorial candidates are Steve S. Alexander and W. H. (Bill) Posey.

U. S. Rep. W. R. (Bob) Poage has an opponent in Connie Lawson, State Comptroller Bob Bullock is opposed by Hugh Edburg, State Treasurer Jesse James is opposed by Donald B. Yarbrough, and State Agriculture Commissioner John C. White is opposed by Herbert (Peanut) Schroeder.

Mack Wallace and C. A. Kelly are vieing for an unexpired term on the Railroad Commission, and a race for a slot on the state school board of education pits Glen L. Smith and Tom Joseph.

The rest of the ballot lists unopposed candidates:

Lt. Gov. Bill Hobby, Atty. Gen John Hill, Land Commissioner Bob Armstrong, Railroad Commissioner Jim E. Langdon, Supreme Court Associate Justice Place 1 Sears McGee, Place 2 Thomas M. Reavley, Place 3 Zollie Steakley; Criminal Appeals Court Judge Place 1, W. A. Morrison, Place Leon Douglas.

Also unopposed are District 36 State Rep. Dan Kubiak of Rockdale Court of Civil Appeals Associate Justice Trueman O'Quinn, County Judge O. B. Harden, District Clerk Grady Allen, County Clerk Wayne Wieser, County Treasurer Bubba Maddox, County School Supt. Max McClaren, County Party Chairman Carroll Glaser.

Unopposed Justice of the Peace candidates are William Reed Davis, Sharp; William Pagach, Maysfield, Howard Buchanan, Thorndale; Leonard Allen, Rockdale; Random Fussell, Milano; and Jess Brock, Cameron. Wayne Brinkley is unopposed for constable at Sharp.

The referendum asks voters to vote for or against "The proposition that the 64th Legislature shall enact a law to permit pari-mutuel wagering on horse races by local option."

GOP Ballot Lists State Candidates

Milam County's Republican Party will hold a primary election on Saturday, May 4, County Chairman James E. Luckey has announced.

Polling places will be located in Rockdale and in Cameron. The Rockdale box will be in the Rockdale High School cafeteria, and the one in Cameron at the Ben Milam School cafeteria.

They will open at 8 a.m. and close at 7 p.m.

As in former elections, voters living in North Milam County probably will cast their ballots in the Cameron box and south Milam voters will vote in the Rockdale box. However, there is no dividing line in the county and a citizen living in any part of the county may vote at whichever location is more convenient.

The Party's ballot lists a full slate of candidates for statewide office. They are: For Governor Odell McBrayer and Jim Granberry; Lieutenant Governor - Troy Skates and Gaylord Marshall; Attorney General-Tom Cole; Comptroller of Public Accounts - Nick Rowe; State Treasurer-Robert G. Holt; Commissioner of General Land Office - Mary Lou Grier; Commissioner of Agriculture - Zack Fisher; Railroad Commissioner - Joe P. Cain; Railroad Commissioner (unexpired term) - Dale W. Steffes.

The ballot also contains a nonbinding referendum covering three propositions -- whether Texas' new constitution should include a "right to work" provision, and prohibit a state income tax -- also whether the Legislature should legalize pari-mutual betting on horse races.

PTA To Meet Tonight

The Cameron PTA will meet at 7:30 p.m. Thursday in junior high school gym. The junior high band willgive the program.

Streaker Startles Sunday Tennis Fans

Cameron saw its first streaker, according to witnesses at the tennis court Sunday who called the police when a man reportedly streaked across the courts.

When police got there, however, the suspect was fully clothed. He was arrested and charged with indecent exposure, but Cameron Police Chief Felipe Martinez said none of the witnesses agreed to appear as a witness in city court, so the streaker's $110 bond will be returned.

Cameron police did not identify the man who was reportedly an out-of-towner and not local.

Cameron To Host Junior Broiler Show

Some 50 youthful chick growers will be showing their five best birds in the annual Milam County Junior Broiler Show to be held Saturday at City Park in the pavilion.

In case of bad weather, the show will move to the cotton compress building in Cameron.

The growers are 4-H Club and FFA members from Cameron, Buckholts, Rockdale, Thorndale, Gause and Two-Mile communities. They received their 50 chicks each in March and have been raising them for the show. Only their five best birds will be shown.

Judge for the show will be Marshall Miller, poultry marketing specialist at A&M University. Birds will be in place a 8:30 a.m. and judging will start at 9. Growers will participate in a junior poultry judging contest before official judging starts.

Winners will be announced at the broiler banquet which will start at 7:30 p.m. in Methodist Fellowship Hall Saturday. A youth singing group "The Cotton Candies," will provide entertainment at the banquet.

Each participant in the contest has a sponsor, who will get to keep the birds enteredin the show. Rodney Kruse, assistant county agent, said sponsors should pick up their birds as soon as possible after the show.

Record books on the poultry should be turned in Saturday for judging in the records contest, Kruse said.

Registration Set For First Grade, Kindergarten

Registration for 1974-75 kindergarten and first grade students will be held May 6, 7, 8, at Ben Milam Elementary School.

Students who attended public kindergarten in Cameron the past year need not pre-register for the first grade. To attend kindergarten a student must be five years of age on or before September 1, 1974. To attend the first grade a student must be at least six years old on or before September 1, 1974.

Health records and birth certificates will be required at time of registration.

Junior Historians Presenting Fair At Yoe High

The Junior Historians, Chapter 103 of Yoe High School, are continuing a History Fair that opened Wednesday and will be open all day today (Thursday) April 2.

Members of the history classes are displaying special projects they have prepared. These creative and informative projects interpret materials discussed in class.

One section of the fair is composed of displays of antique tools and household equipment used by Texans during the last 100 years.

The public is invited to visit the displays at Yoe High School from 8:30 a.m. until 3:45 p.m. today. Members of the chapter will be on hand to guide guests through the fair.

Community Action Group Meets

Appointed members of the Milam County Community Action Committee held an organizational meeting at the courthouse Monday as a first step to cooperating with the Hill Country Community Action Association which administers the local Family Planning Clinic and other Economic Opportunity programs in a 9 county central Texas area.

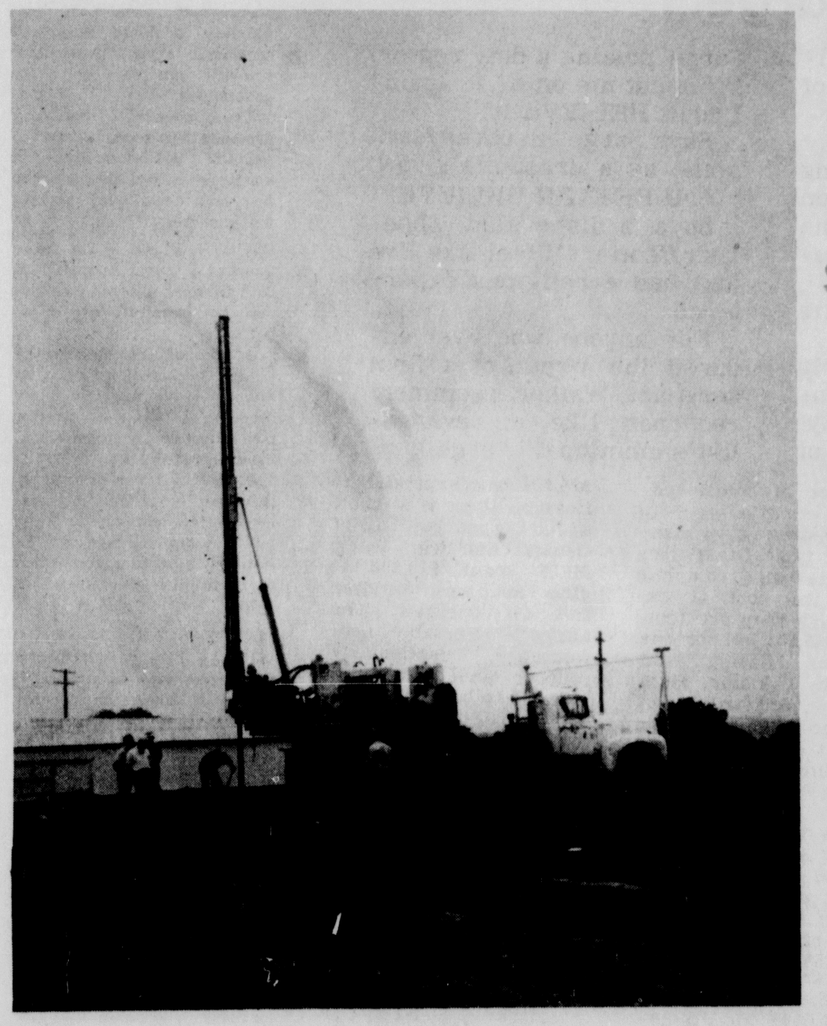
Max McClaren was named temporary chairman and an election to name four participating members to the 12 member county board was set for May 18. 'Participating' members as defined by federal guidelines are representatives of the communities to be served by Economic Opportunity program.

F. G. Wittenburg, executive director of the 9-county association, met with local directors Monday outlining present programs administered by his office including Head Start, programs aiding elderly and family planning.

Appointed members to the Community Action board are: County Judge O. B. Harden, County School Superintendent Max McClaren, Rockdale Mayor Darrell Walker and County Commissioner Dalton Caffey (representing elected officials); Mrs. Charles Hensley, Rev. Ernest Helsley, Rev. Bruce Wadzeck and Mrs. Frank Luecke (representing organizations and clubs).

Ballots to elect the four 'participating' representatives will be published in the Cameron, Rockdale and Thorndale newspapers May 9 editions and deadline for mailing ballots is May 18.

A public meeting of the local Community Action board has been set for Monday, May 29.



DIGGING FOR A START -- Two diggers kept busy this week digging holes for concrete piers for the foundation of the new Milam County jail. Offices have been set up by the contractor and work is expected to go forward quickly on the new structure, which will be paid for by the county's revenue sharing funds.

Local Artists Showing Work At Lorena Fair

Two Cameron artists, Don Pimpler and Maxey Morgan will be showing their work in the second downtown Lorena Arts and Crafts Show May 4.

Pimpler is an oil painter and Morgan is a metal sculptor.

The first show held in March was a success despite north winds and cold temperatures. The show drew more than 60 exhibitors from across Central Texas and a crowd the likes of which Lorena hasn't seen since the early 20's when a Klu Klux Klan parade drew an estimated 3,000 onlookers.

The town's two-block-long Main Street was crammed with people from 8 a.m. until 5 p.m. Parked cars were backed up for a block or more in every direction.

One exhibitor estimated the total crowd at around 7,000. Lorena's population at the last census was under 500.

Artists and craftsmen who wish to exhibit during the one-day event may call show chairman Jack Golding 857-4245 or 857-4279 or write Box 12 Lorena, Texas 76655.

Lorena is 10 miles south of Waco on Interstate 35 and 20 miles north of Temple.

Atrophied And Jelly-Fat...

Advocate is meeting adversary in the confrontation of Nixonian politics and electronic - metro newspaper commentary.

Outcome of the Mitchell-Stans trial (18 federal petit jury verdicts of innocent) is setting the stage for judgement against witnesses like John Dean. He was a pivotal witness whom the jury obviously doubted in long weeks of a New York trial.

Should Mitchell be acquitted in another trial related to Watergate activity, justice may find both advocate and adversary guilty.

If the public understands what is said as comprehensive fact may not be comprehensive fact, okay. But network newsmen seldom separate news from comment. They are called commentators.

A president as deeply troubled by these election excesses as Mr. Nixon, the lawyer, is not about to let the joust go unanswered. Or unmitigated. And at his level, the answer can be momentous, even to censorship which an equally troubled electorate and legislative branch may encourage.

If other surprise jury verdicts occur in open federal court, the advocacy of a righteous, but contextless press may just pull journalism into court controls the Peter Zenger trial broke two centuries ago.

As political as the House Judiciary Committee is, adversary politics works in mitigation of the impasse and alleged culpability about the White House tapes. The emotions of a people wanting conclusion to a media-developed case against this Administration may just turn against major media. That is, if congressional leadership is not strong enough to convict upon impeachment.

The word is a House vote to indict exists, but the will to convict does not.

This President was a senator and a vice-president. He is not only as able a political craftsman as Lyndon Johnson, but he is still president. In a sense, only he can bring himself down. That is the imperious way handed the White House these past 30 years.

And if the presidency is diminished and this President fails of final confidence, the carcass of central government, atrophied and jelly-fat, will lay lesioned before our eyes.

And the public will invoke a pox on all these public estates.

Emotional Charge...

Creator of "Beetle Bailey", Mort Walker is one of the more enduring cartoonists around.

Walker started sketching as a journalism student on Missou's humor magazine "Showme" before he became a magazine contributor and creator of "Beetle Bailey."

A recent three-panel strip shows Walker's puckish insight into military authority.

Says Beetle, looking at Sarge posting a duty roster: "You put me on K. P. again? I don't BELIEVE it!"

Says Sarge, mouth as fearsome as a crocodile's yaw: "YOU BETTER BELIEVE!"

Says a disheveled, shoeless Beetle: "I feel like I've just had a religious experience."

For anyone who ever endured the wrath of a first sergeant, Walker's comment redounds like an evangelist's emotional charge.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

WASTE OF TAX MONEY BAFFLES IMAGINATION

Senator William Proxmire (Wis.) ". . . Mr. James Dale Davidson, the executive director of the National Taxpayer's Union has just authored an article . . . on the subject of "Where Your Tax Money Falls." . . . The article was ordered to be printed in the Record . . ." (Excerpts follow):

Some examples of government spending are so implausible that they make the Congressional Record second only to the National Lampoon as a source of comic material.

For instance, how many of your typical taxpaying shoppers who complain about the cost of bacon know they are footing a **$35,000 bill** for one year of chasing wild boars in Pakistan. Here at home, Richard Nixon gave the public a graphic account of the idiocy of expending funds to support the federal government's **Board of Tea Tasters. The Board of Tea Tasters sipped away at $117,250 a year.** And this doesn't count the extra sipping done by the Board of Tea Appeals.

$31,650 went for the new carpet of **(Rep.)** Carl Albert's (Okla.) office, **$21,000** for draperies, and **$44,000** for chandeliers. Another **$65,000** went to finish the furnishings.

A history of comic books cost $71,000. **$20,324** was expended to learn all there is to know about the mating calls of Central American toads. HEW spent **$19,300** to find out why children fall off tricycles. The answer: "Unstable performance, particularly rollover while turning."

$2,458 to train 18 Good Humor peddlers. $12,600 to study the chromosomes of chipmunks.

CRUMP'S GRASS ROOTS COMMENT

The big spenders "march on." We quote **Senator James L. Buckley (N.Y.),** "On March 12, I was pleased to introduce S.3159, legislation authorizing **$20,000,000 a year** in grants toward the construction of bicycle paths . . ." He didn't say where the tax money was coming from.

He may have had his eye on your April 15th tax payment?

Dateline Austin

Pressure Increases For Calling Special Session

Pressure on Gov. Dolph Briscoe to call a special legislative session increased with an appeal by inflation-hit state employees for a $62 million a year emergency pay raise.

Forty-five thousand state employees signed a petition addressed to Briscoe requesting a special session on these pay matters:

A 10.2 per cent (three step) increase for classified and hourly workers immediately.

An additional 6.8 per cent (two step) boost for 1974-75 benefitting all employees.

An increase in the per diem travel allowance from $18 to $25 a day.

An increase in the mileage rate paid for use of personal cars on state business from 12 cents to 20 cents a mile.

Texas Public Employees Association represents more than 70,000 state employees.

TPEA President Walter H. Looney said the raises are needed to help keep up with the inflation spiral and catch up with last year's zooming living cost.

If inflation continues at present rate until September, said Looney, soaring prices will have nullified 98 per cent of the wage raises given state classified employees in the last seven years.

Governor Briscoe said he is "concerned" about the employees' problem and will consider it "along with the other priority matters in state government."

The Governor is weighing demands for a special session to provide $200 million in emergency school finance aid to help hold down local property tax increases.

COURTS SPEAK — The Texas Court of Criminal Appeals held both criminal and civil penalties can be exacted for water pollution.

A divided State Supreme Court concluded an Abilene fireman, who was fired for declining to take a lie detector test concerning a stolen truck, must be reinstated.

A new trial was ordered by the Court of Criminal Appeals for a 23-year-old man sentenced to 101 years imprisonment for stabbing a drinking companion to death near Brownwood in 1970.

MANUFACTURING FIRMS WIN — Five manufacturing firms won the annual governor's Industrial Expansion Awards for 1973.

Winners were Hi Pro Feeds Inc. of Friona, Datapoint Corporation of San Antonio, Superior Continental Corporation of Brownwood, Owens-Corning Fiberglass Corporation of Waxahachie and the Beaumont Shipyards of Bethlehem Steel Corporation.

Local Chambers of Commerce nominated the winners. Selections were made by the Texas Industrial Commission for civic and economic contributions to communities.

COTTON DEADLINES SET — Agriculture Commissioner John C. White ordered cotton farmers from the Winter Garden area to the coast to complete planting by midnight May 10.

The area is ahead of last year's planting schedule, and some of the counties have reached 99 per cent completion, according to the Texas Crop and Livestock Reporting Service.

White said cotton planting statewide is 16 per cent complete, compared with nine per cent this time last year.

Estimated total acreage for Texas is 5,933,000 acres, up 10 per cent from 1973. Planting deadlines are fixed as part of the Texas Pink Bollworm Act control program.

White said probability of bollworm infestations is greater this year due to delay in cotton stalk destruction and a mild winter.

FEDERALS HELP — A $195,000 federal Economic Development Administration grant has been awarded to Laredo and Mineral Wells for industrial site development to offset shutdown of U.S. military installations.

Of the total, $89,000 will go to Laredo to help offset loss of jobs through closing of Laredo Air Force Base. The funds will be concentrated on development of industrial sites and transportation and to improve tourism.

Another $90,000 EDA money to ease closure of Fort Wolters at Mineral Wells will be used to conduct a water development study and develop industrial sites in Mineral Wells and Weatherford.

Word of the allocation of the grant came from Al Rodriguez, head of the Technical Assistance Center for the Texas Industrial Commission.

The Industrial Commission also reports that 37 industrial start-up training programs now operating in 29 Texas communities are expected to provide 5,320 new jobs in the state.

APPOINTMENTS — Governor Briscoe has named 12 citizens to a special interim committee to study reorganization and modernization of agencies which administer public education.

OLD PHILOSOPHER

Dear editor:

A neighbor of mine who works all the time except when he's seeing a doctor about his ulcer brought me a newspaper clipping the other day and said, "Look at this."

The article reported on the plight of a young married couple which it said was typical of a lot of young people today. They're head over heels in debt despite the fact they make about $12,000 to $14,000 a year.

It went on to describe the situation. The couple needed a car, so , not having any cash on hand, borrowed $500 from a loan company for the down payment and financed the rest in the regular way through the car dealer. They bought gas with credit cards, and when a bank sent them a new-style credit card, they used that to buy other things , like a TV set, etc.

Anyway, they soon found out their monthly installment payments were almost equal to the husband's pay check.

Now what interests me about this is the husband's notion of where the blame lies.

"I'll take 10 per cent of the blame," he said, "but the stores and credit companies should take the rest because they never once turned me down even though they must have known I was bumping my credit ceiling."

This is the kind of economic theory I've been looking for all my life. Up to now, if you hadn't paid your bill at a store, the store blamed you, when all the time it was the store's fault. Instead of sending nasty letters the store should have been getting them.

What this is I guess is a domestic adoption of our international economics policy. Internationally you know we've lent billions and billions of dollars to foreign countries and when the money comes due they've gotten madder and madder at us.

Everything is confusing. Right now we're trying to lend Egypt a lot of money to re-build the Suez canal and its bombed cities, and at the same time are lending Israel even more to replenish its military hardware which it used up fighting Egypt.

If my subscription to The Cameron Herald is past due, you know who's at fault.

Yours faithfully,
J. A.

Letters to the Editor

April 25, 1974

Dear Frank:

The fine publicity and news coverage that you have given Texas State Technical Institute is greatly appreciated by all of us at State Tech.

The people need to be informed to the kind of Education Texas State Technical Institute is involved in, and to help meet its commitment to the people of Texas and to be able to train men and women for the world of work, it is necessary that the news media of this State carry the story to the people. The Cameron Herald is certainly doing its share.

With kindest personal regards.

Milton J. Schiller

Dear editor:

The Minerva Arts & Crafts Club, on behalf of the LRV Arts & Crafts Association '73, wishes to express its appreciation to you for your most timely publicity on our Fair at the Community Center April 27-28.

Also to express our gratitude to Maxine's Boutique and The Back Door Shoppe as well as the Cameron Public Library for donating display space publicizing the event throughout the month of April. These were primary factors in the success of our Fair. Thank you all again.

Sincerely,
Mrs. Helen Ruth Mortimer
Publicity Chairman

Boll Weevil Traps Erected In County

By Bill McCutchen

Cotton boll weevil traps have been erected in Milam County and should help in determining weevil emergence and movements. These tools are helpful in evaluating the weevil problem.

It may be more important than ever this year to do a good job of controlling the boll weevil. The weevil is usually the culprit responsible for getting us into late season control programs.

Every year the economics of the situation says avoid a late season program and this year some of the chemical companies say that materials that have been used for late season control may be in short supply. This makes avoiding the problem even more desirable.

Producers should check their fields frequently prior to square formation. Treatment for overwintered weevils may well be necessary, in Milam County it usually is. Remember, treatment for overwintering weevils should be applied just before the first squares are 1/3 grown (about the size of a pencil eraser). Boll weevils can not establish a population until larger squares are available and do not harm seedling cotton by feeding on the plants.

If weevil population are unusually heavy two weevil applications should be applied, the first one at the first 1/3 grown square stage followed by a second application in a week to 10 days.

A fleahopper application 7-10 days following the overwintered weevil application usually winds up the early season control program.

Beneficial insects are than allowed to build up in field to control the tobacco budworm-bollworm complex that is becoming more difficult to control and more expensive to fight.

SWINE REFERENDUM

Texas pork producers will soon decide by referendum whether or not a check-off program will be begun for their commodity. The check-off is not to exceed 10 cents per head for all slaughter animals at the first point of sale.

Voting on the referendum will begin about May 1, with balloting done my mail. All ballots must be postmarked not later than May 14. Ballots will be sent to all producers by the Texas Pork Producers Association. Producers who do not receive a ballot may obtain one from the county Extension office.

Crop-Robbing Weeds Still A Costly Problem

Crop-robbing weeds are a direct problem in raising food and fiber crops, but consumers eventually pay most of the bill through high production costs, says the assistant director of the Texas Agricultural Experiment Station.

Dr. Dudley T. Smith said southern farmers have been fighting weeds by sharply increasing their use of herbicides -- the cheapest and most effective means. The State Agricultural Experiment Stations and U. S. Department of Agriculture weed scientists have worked cooperatively with various commodity organizations and chemical companies in developing effective, low cost weed control methods. However, crop losses due to weeds are still greater than those of any other plant pest.

In 1958, herbicides were applied to 15 percent of the seven leading crops -- corn, cotton, sorghum, soybeans, rice, peanuts, and vegetables -- in southern states. By 1968, treated acreage rose to 70 per cent. An estimated 90 to 95 percent of cotton, rice and peanuts is treated today.

Smith said current successful herbicide research, development and marketing are strongly oriented toward two areas -- weed removal economics and the ecological succession of new problem species.

He pointed out that losses in southern crops may range from 40 to 90 per cent due to season-long competition by weed pests. Even when weeds were removed after four to six weeks, yields were generally reduced 8 to 30 per cent. Losses were greatest in cotton and peanuts due to the long growing seasons of these crops.

The economics of weed control is a major concern. For example, each pigweed in cotton costs about 2 cents. This means, Smith said, that a light infestation of 250 weeds per acre would impose an economic loss of $5 per acre. That is after all the usual weed control methods have been employed. Since farm fuel prices will probably go up, producers may have to rely on herbicides even more to do the cheapest job of weed control in crops.

Perennial weed species are even bigger trouble makers. These pests usually have a head start on the crop, re-grow from roots, fewer control measures are available, and they are more difficult to control.

"We have found that moderate perennial weed infestations (50 per cent of maximum density) caused cotton losses of $24 to $78 per acre, while sorghum losses were $36 to $64 per acre, Where perennials achieved maximum density, despite cultivation and hoeing, there was a total loss in both crops, Smith said.

The assistant director pointed out that weed scientists have noted how discontinued tillage or repeated herbicide use can lead to invasion by a different or new pest. When one weed type is knocked out, another species may take its place.

"We have new weeds entering all the time. Hence, old chemicals may be good now but do not handle the new species. So we need to continue to have new products from industry. State Agricultural Experiment Stations play a vital, cooperative role in helping to fit commercial products to specific weed problems," Smith said.

Farmers Union Urges Cotton Support Plan

The Farmers Union warned today that "Forward contracting for sale of cotton does not give farmers the price stability nor the price security they need in order to stay in business and produce the cotton that the nation needs for domestic use and exports."

Joe Rankin, vice-president of the Texas Farmers Union, put both the Texas and National Farmers Unions on record for "A renewed and revitalized farm program" in a statement to the Cotton Subcommittee of the House Committee on Agriculture Monday, April 29.

Rankin said cotton buyers are anxious to buy cotton for future delivery when they think the price will go higher. But when buyers expect abundant supplies in the future, farmers can't get offers to buy at prices sufficient to cover their production costs, Rankin said.

Rankin called for an eight-point price support and stabilization program for cotton.

Sorghum Exports Increasing

Sorghum has come to the forefront as a major export grain, and its markets are strong and steady.

"About one-fifth of the milo crop in the United States is exported each year, making it the top sorghum exporting country," says Roland Smith, grain marketing specialist for the Texas Agricultural Extension Service.

"A continuing uptrend can be expected in the long run although exports may soften some this year. Japan continues as the leading importer. Israel looks like she will continue importing along with India, Venezuela, Chile, Nicaragua, the Netherlands, Iran, Niger, Maurtania, Upper Volta and Senegal, the last four being Africa countries," points out the Texas A&M University System specialist.

The volume of sorghum moving to Japan this year should exceed the 105 million bushels imported in 1973 This was more than half of all the sorghum exported. The Japanese use the grain for chicken and cattle feed.

Israel ranks as the second most important importer with orders exceeding 20 million bushels.

"India is not far behind but is market is dependent on 'human' food production. When there is enough wheat and rice to go around, Indian milo imports drop. In times of food shortages, sorghum is consumed as a cereal grain," says Smith.

Using Sorghum as basic chicken feed, the Netherlands imports about five million bushels yearly.

Some 14 million bushels of sorghum were shipped to Venezuela last year where the grain is used primarily for feeding cattle.

"Competition from other grains, mainly corn and wheat, and other producing countries exists. With substitution of one grain for another, either for human or animal consumption, grain competition has tightened. Argentina, South Africa and Thailand appear to be the strongest competitors in the export field," the specialist notes.

Farm-facts

A Weekly Report Of Agri-Business News

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

More About Shortages . . . High Plains Dry . . . REAP Is Back . . . Citrus Harvest Almost Over . . . Mohair, Wool Production Down

SHORTAGES ARE the worry of farmers already worried with spring planting of crops; but the fuel shortage is reported bad in only a few Texas counties. Hartley, Wichita, and Sherman Counties reported tight diesel situations; and Lamb, Wichita, Hartley, Denton, Randall and Mitchell report tight gasoline supplies. High prices are the main concern of fertilizer users. Anhydrous ammonia was reported selling at around $180 a ton, ammonium nitrate $140, 32% nitrogen solution $135, and mixed fertilizer (12-12-12) $130 . . . Counties reporting short supplies of baling wire and twine expect to have the back orders filled by baling time. There were 105 counties reporting short supplies of baling wire, and 100 counties reporting short supplies of baling twine. In some places, wire averages $29 a bundle, and twine $26 a bundle.

LACK OF MOISTURE plagues the High Plains area, and hopes of subsoil moisture for dryland cotton planting are dim. Dryland wheat is in bad condition except in the eastern part of the Northern High Plains where rain has revived wheat crops. Despite an expected increase of about 10 per cent in cotton acreage on the High Plains, the 1974 cotton crop is not expected to be as good as was the 1973 crop. Irrigated wheat is reported in good conditions on the High Plains. Irrigated cotton has usually been about 60 per cent of the total on the High Plains.

THE 1973 RURAL Environmental Assistance Program (REAP) has been reinstated, which means $225,500,000 is authorized for cost-share payments to the nation's farmers participating in approved conservation measures. Texas' share in the REAP funds is $19,330,000. Farmers may apply at their county Agricultural Stabilization and Conservation (ASC) offices for more information about the program.

THE GRAPEFRUIT and Valencia orange harvest is almost over in the Valley. Grapefruit production was reported by the Texas Crop and Livestock Reporting Service to be about 11 million boxes, seven per cent below last season's production. Early and mid-season oranges were estimated at 4.3 million boxes, 14 per cent below last season; and Valencia oranges were estimated at 2.3 million boxes, down four per cent. The United States grapefruit production was forecast at 64.1 million boxes, down two per cent from last season; and the orange crop was expected to be 215 million boxes, down four per cent from last season.

MOHAIR AND wool production are other Texas crops showing decreases in 1973. Mohair production fell to 9,930,000 pounds, the lowest since 1925, according to the Texas Crop and Livestock Reporting Service. And the 1973 clip was three per cent less than in 1972. The average price for mohair was $1.87 per pound, highest since records began in 1910. Texas produces about 97 per cent of the nation's mohair. The wool clip for 1973 totaled 26.4 million pounds, also the lowest since 1925. The 1973 production was 10 per cent less than in 1972 and 13 per cent less than in 1971. In the nation, the 1973 wool production was 153.9 million pounds, grease basis, down eight per cent from 1972.

TOUR TEXAS --MAY

May 4-5 Polka Festival, Ennis. A Saturday morning parade kicks off this swinging event which involves the town's four dance halls and over a dozen polka bands. With one ticket dancers can move from one hall to the other to enjoy the music and merriment. For information write: Polka Festival, 609 East Waco St., Ennis, Tex. 75119.

CORRUGATED STEEL DRAINAGE PIPE

It's Strong & Easy to Install. Uses include road culverts, ditch crossovers, stock water supply lines, and driveways. Durable zinc-coated corrugated steel pipe is available in diameters 6 to 120 inches. Shipment can be made on 3 days notice.

Happening about Town

Book Review Is Program For Club

Mrs. Roberta Bowling reviewed the book "All Those In Favor Say Something" by Runa Erwin Ware for the Pleasure and Profit Club meeting.

The study club met Thursday afternoon in the home of Mrs. Jean Tumlinson.

Ms. Ware's book related unusual and humorous procedures and occurances at women's club meetings.

The hostess served home made doritos, guacamele salad, pralines and ice tea during the social hour.

DKG Tea In Rockdale

Beta Nu Chapter of Delta Kappa Gamma will meet in Rockdale at the Peace Lutheran Church, Saturday, May 4, at 2:30 p.m. for a tea honoring founders of the Society.

Miss Bertha Pendergrass of Rosebud will give the musical program, featuring the insignia and songs of the Society.

The Ceremonials Committee will install new officers for the next two-year term, and Mrs. Billy G. Gest will present music for the occasion.

The festival celebates the 112th anniversary of Mexico's victory over France and will be held May 5 at the Festival Grounds west of Cameron. Music will be provided by Los Chicanos of Austin and the public is invited.

Dewberries Ripe For Pies, Cobbler, Jams

By Chris Holcombe
County Agent

Dewberry and blackberry crops, now blushing with ripeness, promise lots of homade taste treats. With a little effort and time these berries can be turned into delicious pies, cobbler, jams and jellies.

We all are familiar with the traditional berry cobbler, but have you ever tried a berry-custard pie. This recipe is one that is a favorite in my husband's family and one everyone will enjoy.

2 cups milk
1 small can of evaporated milk
6 whole eggs
1/2 teaspoon salt
1 teaspoon vanilla
2 cups berries
Approximately 2 cups of sugar.

Pre-heat oven to 400 degrees. Crush berries slightly and sweete with 1 cup of sugar or mor if berries are on the sour side. Let stand while preparing rest of pie. Combine milk, evaporated milk, eggs, salt, vanilla, and 1 cup of sugar. Add berry mixture and stir. Pour into 2 unbaked 9-inch pie shells and bake at 400 degrees for approximately 50 minutes or until pies are done and quiver. Cool until ready to serve.

A delicious and different dessert for this time of year.

Jelly from some of springs earliest fruits -- dewberries and blackberries --is an all time Texas favorite.

If you can buy these berries at a reasonably low price -- or have them growing in a garden -- or make a family outing of picking the wild berries, then turn some of them into homemade jelly.

It's a treat for your family -- and friends love it as a gift.

To successfully prepare jelly at home use the following instruction.

After sorting three quarts of dewberries or blackberries, wash them and remove any stems or caps. Expect about four cups of juice from three quarts of berries.

Very ripe berries can be crushed and juice pressed out without neating. Otherwise, add a small amount of water and bring to a boil on high heat.

Place prepared fruit in a clean, white cloth bag -- and then twist and press to remove juice. Pour four cups of juice in a large pan.

Add seven and one-half cups sugar and place on high heat. Stirring constantly, bring quickly to a full, rolling boil that cannot be stirred down.

Add one bottle liquid pectin and return to a full, rolling boil. Boil hard for one minute. Remove from heat and skim off foam quickly.

Pour jelly immediately in to hot dry, sterilized jars or glasses. Fill containers to within one-eighth inch of top.

Seal immediately with a self-sealing lid and ring according to manufacturer's directions. Or, fill glasses to within one-half inch of top and cover with melted paraffin. Add enough paraffin to make a layer one-eighth inch tnick. Prick air bubbles.

This recipe makes 11 or 12 six-ounces jar of jelly.

The difference between jelly and jam is that the jelly is strickly the juice, while the jam may contain pulp and seeds of the fruit.

If you wish to make jam, wash and sort as you would for jelly and then crush the berries.

If they're very seedy, put part -- or all -- of them through a sieve or food mill. Add one package of powdered pectin to the six cups crushed berries. Stir well.

Place on high heat. Stirring constantly, bring quickly to a full boil with bubbles over the entire surface.

Add eight and one-half cups sugar. Continue stirring and return to a full bubbling boil. Boil hard for one minute, stirring constantly. Remove jam from heat, and skim. Fill containers as you would for jelly. Good luck and lots of good cooking.

CWU Luncheon

The annual May Fellowship Luncheon sponsored by Cameron Church Women United will be at 12 noon Friday, May 3, in the First Christian Church.

Mrs. J. L. Callaway and Mrs. Virginia Schuhsler are in charge of arrangements for the covered dish luncheon which is open to all church women.

Personal Mention

Members of the Cameron History Club toured historic homes in Calvert opened for the Robertson County Historic Homes Pilgrimage Saturday.

Mark Ellett, son of Mr. and Mrs. Robert Ellett, leaves Sunday for Maine where he will join a group for the Hurrican Island Outward Bound School at Rochland.

Mr. and Mrs. William A. Watkins, representing Cameron and Colonial nursing homes, have returned from the Texas Nursing Home Association's 24th annual spring meeting held in San Antonio.

Mr. and Mrs. Wesley Crouch, Mr. and Mrs. Joe B. Kirk and Mr. and Mrs. Buck Kirk have returned from a tour of Mississippi, Alabama, Louisiana, Tennessee and Arkansas. While in Tennessee they visited the Grand Ole Opry.

Mrs. Alice Magre of Crystal City, Missouri is visiting in the home of her son and daughter-in-law, the Ed Magres.

Coffee Fetes B. Dulins

Mr. and Mrs. D. R. Dodson hosted an informal coffee Friday evening honoring newly elected CISD Superintendent Buddy Dulin and Mrs. Dulin of Albany who were the Dodson's weekend house-guests.

Guests at the coffee included CISD administrative staff members and their wives, members of the school board, their wives and husbands.

Yoemen Clinch North Zone Title

The Cameron Yoemen shut out the Copperas Cove Bulldogs in a double header in Copperas Cove Tuesday to win the District 12-AAA Title. The Yoemen beat the Bulldogs 3-0 in the first game and 1-0 in the cond game.

In the first game the Yoemen scored in the first inning and twice in the sixth inning. The lead batters were Craig Frimel, Joey Monrik, Randy Sapp and John Barron - all getting one hit. Barron pitched the whole game for Cameron, facing 22 batters and getting 12 strikeouts and 1 walk. Gene Kopriva caught the whole game. Tommy Freeman pitched the entire game for Copperas Cove while Mullins caught.

The second game brought another win for the Yoemen as they scored their run in the sixth inning. This winning run las made by Randy Sapp. The Yoemen's leading batters were George Whiteside and Gene Kopriva getting 2 hits each. Sapp and Barron got one each. The Yoemen's run came when Sapp singled, Whiteside came up next and singled and then Mondrik came up to hit a pop fly, Mondrik was put out but this gave Sapp enough time to score. Barron again pitching the whole game for Cameron getting 10 strikeouts and walking 4. Kopriva caught for Cameron and Mullins for Copperas Cove. Jim Blanchette pitched for Copperas Cove.

These two games added 2 more wins to John Barron's 10 straight game-winning streak. Barron has pitched 27 straight innings of shut-out baseball, and 41 innings straight giving up only 2 runs.

In Germany, chestnuts were carried as a charm against backaches. Of course, carrying too many chestnuts would only aggravate the condition!

Granger To Host Fire Convention

The Granger Fire department will host the 75th semi-annual meeting of the Central Texas Volunteer Firemen's Association on May ;, 5, at the Granger Recreation Center.

The vent will begin with dance on Saturday, May 4, at the recreation center with music presented by Frank Vrana and his Melody Five, from Tahlor, open to the public.

Wednesday
- Sloppy Joes
- Corn chips
- Coleslaw
- Apple crisp, milk

Thursday
- Yoe Day Holiday

Friday
- In-service training
- No school

RV Tires Should Fit For Safety

Like a new spring wardrobe, your recreational vehicle (RV) tires should fit right to begin this season, says the Tire Industry Safety Council.

"Make sure your tires are of the proper load range for the weight you want to carry," said Council Chto carry," said Council Chairman Malcolm R. Lovell, Jr.

"Also make sure your tires are properly inflated. That will add to tire life and help save gasoline," he said.

If it impossible to reduce the load, replace the tires with tires of adequate load capacity. If necessary, replace the wheels with heavy duty wheels.

Consult your tire dealer for proper tire and wheel application in such cases.

Underinflated tires squirm a lot, making engines work harder and use more fuel to overcome roll resistance.

Manufacturers' air pressure recommendations are for cold tire inflation, before starting out.

Pressure can increase normally up to 15 pounds with prolonged driving.

Sports-Murray-Go-Round

UT-AGS:

Back three games to the Zooming Texas Aggies one month ago, Cliff Gustafson's University of Texas Longhorn baseball team pulled out another SWC title with that 8-0, 4-3 Double-header sweep over Maroon. Although UT has won 10 straight titles, seven consecutive under Gustafson and 39 of 49 in total, a myth exists that it has been a cake-walk for the boys from Austin. Their close victories and late-season comeback are legend.

An interesting mental gymnastic, currently enjoyed by Houston Astro fans, is to pick the exact time Quick-starting Jimmy Wynn will hit the skids in Los Angeles regalia. A remarkably talented ball-player, Wynn as an Astro most always made brilliant starts, popped off in public, then went into a season-long slump. As you know, Jimmy is off to a loud, slugging beginning with LA, to whom the Houstons traded him for Pitcher Claude Osteen, And he's already told the world his former troubles are all behind him in Houston. So . .?

Hard to believe that a football team as talented as the Texas Aggies has its entire 11 defensive starters returning for this fall campaign. And, football coaches themselves tell you games are won first on defense. Most eye-catching Aggie defenders are Junior All-America Linebacking candidate Ed Simonini and Lester Hayes his 200-pound sidekick who's run the 100 yard dash in9.4. Incredible!

QUICKIES -

When UT and the Aggies lined up and began swinging for the SWC Baseball title, Lufkin was to have a big hand in the shindig. UT catcher Rick Bradley and Aggie Rightfielder Sandy Bate, two of the SWC's more prominent sluggers, both hail from that East Texas City. Bradley's two-run, first-inning homer, at UT's Clark Field, provided the Burnt Orange Winning Edge as Right-hander Jim Gideon hurled an 8-0 shutout to nail down the title.

Thunder Kills White Pelicans

WACO

A Bosque County rancher thought the sky was falling recently when it started showering white pelicans on his lawn during the height of a thunderstorm.

The alarmed rancher called the Texas Parks and Wildlife Department biologist Joe Stevens of Clifton to the scene and Stevens found 33 of the large white birds, five of which bore leg bands of the U. S. Fish and Wildlife Service.

Stevens postulated that the birds had been killed by the concussion from a tremendous clap of thunder since there was no indication that the pelicans had been hit by lightning or struck by hailstones.

White pelicans are coastal birds which are often seen over the inland areas of Texas during spring migration.

They are large, white with black-fringed wings, and are fond of soaring in circles at great heights.

CHINESE TYPE

A Chinese typewriter can have up to 5,850 characters. It requires a skilled typist to type 11 words a minute on the machine, which resembles a scaled-down flatbed press.

'Swing' Events Set In Austin

Water recreational events highlight the halfway point in "Austin Swings In Spring", two months of happenings in Austin.

The Austin Sierra Club will sponsor the Swing Canoe Races on Auditorium Shores, Town Lake 10 a.m. to 2p.m. Sunday, May 5, for contestants in four categories: 17 and under; 1/2 mile; Men's 1 mile; Women's 1 mile; and the open category. Races require two to a canoe with no entry fee or viewing charges. To enter, contact Steve Kilmetz, Sierra Club 452-4647.

Also the Austin Boat Club will sponsor two days of drag boat racing, May 4-5 Festival Beach on Town Lake. Time trials are Saturday at 1 p.m. with races to start Sunday at 1 p.m. Admission is $2 adults; children 12 and under free.

Theatre goers will enjoy the month long performance of "The Importance of Being Earnest", Center Stage, a victorian farce by Oscar Wilde. Also commencing May 14, "Goodbye Charlie" will commence a month long performance at the Country Dinner Playhouse, every evening at 6:30 p.m. except Mondays. The Municipal Auditorium stage will also be lively when the well known rock group, Chicago, performs on May 2.

Art lovers have something too, an arts festival sponsored by the Capitol Art Society Municipal coliseum, May 4-5.

On May 11, Western Pleasure Shows will take the spotlight at the Travis County Sheriff's Posse Arena on the Lockhart Highway.

For a free brochure listing happenings in May, write "Swing", P. O. Box 1967 Austin, Texas 78767.

R-L Sets All Sports Banquet

ROSEBUD

Rosebud-Lott School athletes will be honored with an All-Sports banquet, May 10, at 6:30 p.m., in the school's gymnasium. Approximately 100 students have been active in school sports during the school year.

Bill Owen, the new coach, will be present, along with his coaching staff.

Tickets may be obtained from the school, Lester Dorton in Rosebud, and Lester Pomykal in Lott.

Rogers Qualifies Two For State

Rogers took three girls to the Region 2 track meet and came away with two state qualifiers for the state meet.

Janke placed second in the discus with a toss of 114-6-3/4 and Baca won the 80-yard hurdles with a time of 10.9. Sulack placed fourth in the triple jump with 35-6-3/4.

Rogers finished ninth in a field of 32 teams.

Learn To Swim For Safety

"Sure I can swim, if the water isn't over my head."

So goes a jest which could eventually lead to a fatality, according to Texas Parks and Wildlife Department water safety officials.

The problem is, they say, that all too often the water is over the shallow-water swimmer's head.

Learning to swim should be of prime importance to anyone interested in outdoor recreation, according to the department's water safety section.

Learning to swim is more than just a matter of safety. It opens up whole new horizons since much of outdoor recreation is oriented around water. You can have a lot more fun around water when you don't have to worry about drowning.

Parents should insist that their children learn to swim. Lessons should be given by competent, trained teachers who can make children respect water but not fear it.

But training in swimming should not be confined to children. Many adults, nonswimmers all their lives, have been successful in learning to swim.

FIRST RAILROAD

The first railroad in the United States was built in 1830 from Charleston to Hamburg, South Carolina. The first passenger train, "The Best Friend," made its initial trip in 1831. Newspapers reported: "The passengers flew on wings of the wind, annihilating space and leaving all the world behind at the fantastic speed of 15 mph."

AINSWORTH FOR CONGRESS
District 21

Pol. Adv. pd. by Patrick Ainsworth, 8916 Data Point, San Antonio, Tx., 78229

A True Reflection of Growth and Progress

TRIBUTE TO MR. D. R. DODSON, RETIRING SUPERINTENDENT OF CAMERON PUBLIC SCHOOLS.

WHEN THE FINAL APPRAISAL OF THE PROPERTY IN THE CAMERON INDEPENDENT SCHOOL DISTRICT WAS COMPLETED THE APPRAISED VALUE OF THE PROPERTY WAS FIXED BY LOCAL CITIZENS, OUR NEIGHBORS AND FRIENDS, WITH MR. E. A. PERRIN SERVING AS CHAIRMAN OF THE COMMITTEE, IN THE YEAR 1964.

AT THAT TIME THE TAX RATE WAS $ 1.50 PER HUNDRED DOLLARS ASSESSED VALUATION AND THE ASSESSED VALUATION WAS TWENTY-FIVE PER CENT OF THE TRUE VALUE. FOR THE YEAR 1970-1971 THE ASSESSED VALUATION WAS INCREASED TO FIFTY PER CENT OF THE TRUE VALUE AND THE RATE WAS THEN REDUCED TO $ 1.00. FOR THE YEAR 1973-1974 THE RATE WAS INCREASED TO $ 1.25 FOR THE REASON OUR VOTERS REJECTED ALL BOND PROPOSALS SUBMITTED. WE ELECTED OUR NEIGHBORS AND FRIENDS TO SERVE ON THE BOARD OF TRUSTEES AND THE BOARD BECOMES THE GOVERNING BODY FOR OUR SCHOOLS.

WE FORGET ALL TOO OFTEN THAT THE LARGER PART OF THE MONEY WITH WHICH TO OPERATE OUR PUBLIC SCHOOLS COMES FROM THE STATE AND FEDERAL GOVERNMENTS HOWEVER IN ORDER TO QUALIFY FOR THE OUTSIDE FUNDS ALL THE THINGS REQUIRED BY THE DEPARTMENT OF EDUCATION MUST BE MET.

THE SUPERINTENDENT IS THE ADMINISTRATIVE OFFICER AND SERVES AS DIRECTED BY THE BOARD. OUR SCHOOL BOARD IS OFTEN PLACED IN A MOST DIFFICULT SITUATION FOR MANY REASONS SUCH AS THE MINIMUM SALARY PAID TEACHERS IS FIXED BY THE LEGISLATURE OF TEXAS, THE MINIMUM PAID TO OTHER EMPLOYEES OF THE SCHOOLS ARE FIXED BY THE CONGRESS AT WASHINGTON, AND NOW CONGRESS IS JUST OUT WITH A NEW ONE TELLING US WHAT WE MUST PAY THE WASH WOMAN AND THE YARD MAN AT OUR HOMES. IN BUILDINGS, GROUNDS AND OTHER ACCOMODATIONS CERTAIN REQUIREMENTS ARE SUBMITTED AND IT IS UP TO US WHETHER OR NOT WE QUALIFY.

THE GROWTH AND PROGRESS ACHIEVED IN THIS ADMINISTRATION I SO ATTRACTIVE AND OF SUCH VALUE TO OUR SCHOOL SYSTEM I HAVE PERSONALLY REQUESTED THIS STATEMENT WHICH FOLLOWS HERE BELOW AND PAY FOR THE PUBLICATION WITH MY PERSONAL FUNDS THAT ALL INTERESTED PERSONS MAY HAVE THE INFORMATION.

FINANCIAL STATEMENT CAMERON INDEPENDENT SCHOOL DISTRICT

BONDED DEBT

BONDED DEBT PRINCIPAL & INTEREST, SEPT. 1965	$ 605,472.00
BONDED DEBT PRINCIPAL & INTEREST, SEPT. 1973	249,627.50
INCENTIVE AID DUE TO APPLY ON BONDED DEBT	94,521.00
TRUE BONDED DEBT WITH LAST PAYMENT DUE IN 1982	155,106.50

CAPITAL IMPROVEMENTS SINCE 1965

LAND AND BUILDINGS	176,468.00
FURNITURE AND EQUIPMENT	112,575.00
LIBRARY BOOKS PURCHASED (ESTIMATE)	80,000.00

TAXES

1965-1966 VALUATION $ 11,364,000.00 @ $ 1.50 RATE, 100% COLLECTION WOULD PRODUCE	170,460.00
1973-1974 VALUATION $ 28,021,641.00 @ 1.25 RATE, 100% COLLECTION WOULD PRODUCE	350,270.00

$ 70,050.00 OF THIS AMOUNT IS SET ASIDE FOR NEW CONSTRUCTION AND A NEW FIELD HOUSE IS NOW BEING BUILT.

LOCAL FUND ASSIGNMENT

* 1965-1966	$ 74,837.00
1973-1974	153,805.00

* THIS IS THE AMOUNT WE MUST PAY AS OUR SHARE OF THE MINIMUM FOUNDATION PROGRAM. THIS AMOUNT WE MUST PAY TO PARTICIPATE IN THE PROGRAM. THIS YEAR WE ARE DRAWING FOR OUR SCHOOLS $ 355,819.00 FOUNDATION FUNDS.

IT IS GOOD TO KNOW THAT ON MARCH 31, 1974 THERE WAS ON DEPOSIT IN THE INTEREST AND SINKING FUND $ 50,346.32 TO FURTHER REDUCE THE BONDED DEBT ACTUALLY LEAVING $ 104,000.00 PLUS OF THE BONDED DEBT OUTSTANDING.

$ 6,630.00 REMAINS DUE ON FOUR ACRES OF LAND PURCHASED FOR LONG RANGE EXPANSION OF THE SCHOOL SYSTEM.

$ 3,789.00 REMAINS DUE ON LATE PURCHASES OF SCHOOL BUSES.

AS OF MARCH 31, 1974 THE BALANCE IN THE CHECKING ACCOUNT FOR CURRENT USE WAS $ 226,687.00.

WE VERILY BELIEVE THIS FINANCIAL REPORT IS ACCURATE AND DEPENDABLE.

SSI Alert Director Attends Conference

Mrs. Katie Cheatham of Killeen attended a 2-day conference on "Supplementary Security Income (SSI) and the Delivery of Human Services for Texas -- A Case Study," at the Lyndon Baines Johnson School of Public Affairs this past week.

Participants included representatives of the National and regional offices of the Social Security Administration and the Social and Rehabilitation Services Administration of HEW. Texas state and regional agency representatives of the Department of Public Welfare and other state agencies attended.

Through a combination of small workshop sessions and preleminary meetings, participants exchanged their experiences with the conversion and implementation of the SSI program.

Mrs. Cheatham took part in a panel discussion by describing her experience as the Project Director for SSI Alert in the 6-county area which includes Bell, Coryell, Hamilton, Lampasas, Milam and San Saba.

"SSI Alert was a difficult project done in a short period of time; but with guidance from our Consortium members and our hard-working volunteers, hundreds of persons in need became aware of Supplemental Security Income. Many applied for these needed benefits through our program or went directly to the Social Security District Office. The important point is that they became aware and availed themselves of the benefits they needed so badly," explained Mrs. Cheatham.

"SSI Alert Project comes to an end April 30, but this does not mean you cannot continue to sign up for benefits," says Mrs. Cheatham. "If you are elderly, blind or disabled, with a monthly income below $160 for a single person or $230 for a couple, you may qualify."

All eligible persons or anyone who thinks they may be, should go directly to the Social Security District Office or meet with your local Social Security representative.

"On behalf of the American Red Cross and the Social Security District Office, we wish to thank each and everyone who helped make SSI Alert a great success," concluded Mrs. Cheatham.

Obituaries

Adams

Mrs. J. L. Adams, 94, died at her home in Cameron Sunday morning after a long illness.

Funeral was at 2 p.m. Tuesday at Marek-Burns-Laywell Funeral Home, the Rev. Jay Lee Scott officiating. Burial was in Oak Hill Cemetery.

Mrs. Adams was born in Rockdale and had lived in Cameron for the past 90 years.

Surviving are a son, Frank Adams of Houston; four daughters, Mrs. Laura Johnston of Pecos, Mrs. Zelma Gilmore of Alvin, Mrs. Nora Wegenhoft of Columbus and Mrs. Doris Sellers of St. Louis, Mo.; 14 grandchildren and 23 great grandchildren.

Tomasek

Pete R. Tomasek, 92, of Route 1, Cameron, died in a local hospital.

He was born July 7, 1882, in Milam County and lived here all his life. He was a retired farmer.

Service was held at 11 a.m. Wednesday at Marek-Burns-Laywell Funeral Home, Rev. John Geiser officiating. Burial was in St. Monica Cemetery.

He is survived by several nieces and nephews and one sister-in-law.

Organist Recital Set At Marble Falls

GEORGETOWN

Dr. Ellsworth Peterson of Southwestern University, organist, will be playing a dedicatory recital on the new Allen electronic organ recently installed in the First United Methodist Church in Marble Falls on Sunday, May 21, at 2 p.m. The public is invited.

Peterson will be playing compositions by Mozart Mendelssohn, Schumann Boyce and Reubke. The Rev. Jesse Adams is pastor of the Marble Falls church.

A well-known musician and musicologist, Dr. Peterson is the Margarett Root Brown Professor of Fine Arts in the School of Fine Arts at Southwestern University. He joined the music faculty in 1965.

A native of Georgetown, Dr. Peterson holds the Bachelor of Music degree from Southwestern University, a Master of Sacred Music degree from Union Theological Seminary in New York, and the Master of Arts and Ph. D degrees in musicology from Harvard University.

Bullock Receives Endorsements

Democratic State Comptroller candidate Bob Bullock has received endorsements from the Houston Chronicle and the Victoria Advocate.

Both daily newspaper made special note of Bullock's call for improved collections of both state and city sales taxes to stop what Bullock has said is a multi-million dollar a year loss to Texas taxpayers.

Both newspapers called attention to Bullocks services as Secretary of State, legal counsel to the Governor's office, Chief of the Anti-Trust and Consumer Protection Division of the Attorney General's office and as a member of the House from Hillsboro.

Home Loans Easier, Veterans Are Told

The Veterans Administration reminds married home-minded veterans that it is now easier to qualify for GI home loans.

Jack Coker, VA Regional Office Director, noted that VA now accords full recognition to incomes and expenses of both veteran and spouse in determining ability to repay loan obligations.

Coker said VA is required by law to determine if contemplated terms of repayment bear a proper relation to the veterans' anticipated income and expenses before approving the loan.

"But while the spouse's income has always been considered," Coker explained, "local rules sometimes had the effect of discounting the spouse's income. Now, however, no such local rules are imposed, and the spouse's income is given full consideration."

Va guarantees 60 percent of GI home loans (maximum $12,500) private lenders make to servicemen, veterans, and eligible spouses of World War II, Korean and post-Korean Conflicts and the Vietnam Era.

I believe this universe is no accident.
I believe all life comes from God.
I believe He cares about ME . . . and wants me really to care about Him.
I believe I have fallen short of pleasing God . . . yet He still lets me live in freedom. I am not his slave.
I believe that Jesus Christ revealed God's forgiving love when He—the Son of God—sacrificed His perfect life for my imperfect life.
I believe that Jesus rose from death, assuring me that it is God's desire that I, too, may reach eternity.
And because I believe—I want to share with you my Faith . . . and the inspiration I have found as I worship every Sunday in church.

LOOKING IT OVER -- Aluminum Company of America board chairman and former Rockdale works manager John Harper, center, dropped in at his former "home" Friday to take a tour of the plant's new multi-million dollar "jumbo" sheet ingot facility. Conducting the tour for the company's chief executive were production manager Jack Drake, left, Texas area manager Fred Bergeron and ingot superintendent Ted Randall.

CORRESPONDENTS' CORNER

Sharp-Tracy-Fr'ship

By Mrs. Leroy Guillote

Mr. and Mrs. Robert Stevens had a birthday supper for Mrs. Stephens Aunt, Mrs. Bertha Sens of Austin. Guests were Milton and Bertha Sens of Austin, and Mrs. Rosa Crawford of Eden. Mrs. Crawford spent several days with the Stevens family.

A barbecue honored Mr. Carl Hanke on his birthday. Enjoying the party were Mr. and Mrs. Tim Hanke, son, Joe Wayne, Mr. and Mrs. Preston Schwartz, Mr. and Mrs. A. A. Biehle of Rockdale and Mr. and Mrs. Ernest Hanke of Buckholts.

Mr. and Mrs. Bill Pope visited in Bartlett with their daughter and family, Mr. and Mrs. Robert Campbell and sons.

Mrs. C. S. Annis and daughters of Frisco spent several days with her folks, Mr. and Mrs. Howard Coffman. Mr. and Mrs. Jimmy Coffman of Austin spent Monday morning with his folks.

Week-end guests of Miss Agness Coffman were Mallitta Gailer of Houston, and her son, Charles, of Springs. Sunday, they all visited with Lilly Galler.

Mr. Preston Schwartz was given a birthday party. Guests were Mr. and Mrs. Ernest Hanke of Buckholts, Mr. and Mrs. Carl Fick of Rosebud, Mr. and Mrs. Lester Hanke and children of Copperas Cove, Mr. and Mrs. Herbert Laffere of Thorndale and Mr. and Mrs. Carl Hanke.

Mrs. Joe Brown was the hostess for the Tracy-Duncan Home Demonstration Club meeting Wednesday. Mrs. Brown also presented the program, some of the history of the San Gabriel area, based on obituaries and actual documents, dated well back into the 1800's.

Lawrence Blinka, son of Mr. and Mrs. Edwin Blinka, won the regional crown in 4A shot put, and will be in the May 3-4 UIL state meet in Austin. His brother, Stanley, made third place in discus. The meeting was held in Corpus Christi.

Miss Cynthia Harnuz of Memphis, Tennessee and Mrs. Laura Brown and son, Denny of Ft. Worth spent the week-end with Mr. and Mrs. Jerry Harbuz and Norris.

Mrs. Mary Brown, Mrs. Harbuz's mother, is back in St. Edwards Hospital. Mrs. Brown had been staying with the Harbuz's for a while.

Mrs. Lewis Modesette is reported to be doing well following surgery at Scott and White Hospital. Mr. and Mrs. Henry Schafatall of Houston spent several days in Temple to be with Mrs. Modesette, but have returned to Houston.

Mr. and Mrs. Dan Drummonds visited with Mrs. Maurice Reed, who is in Scott and White, after a fall in which her hip was broken. Surgery was done to repair the hip.

Mrs. Vernon Hanca and girls of Cisco, and a friend, Sherry Flood of Lubbock spent the week end with her parents, Mr. and Mrs. Roger Gilleland.

Jones Prairie

By Mrs. Bill Thweatt

Those attending Workers Conference at Battetown Baptist Church from Little River Church were: Rev. and Mrs. N. J. Barnes, Mrs. Helen Jamison, Mrs. Harry White, Mrs. Carlton Crook and Mrs. Mildred Martin.

Sen. Tower Opposes Bill For No-Fault Insurance

Senator John Tower writes in his newsletter this week that he will oppose the federally administered no-fault insurance program on which the Senate has begun debate.

As approved by committee and brought to the Senate floor, the bill proposes to establish a nationwide vehicle accident reparation program and to require no-fault motor vehicle insurance as a condition for a motorist to operate an automobile on public roadways.

Tower said he had several reasons for opposing the bill and his major objection is that the bill "assumes for the federal government a role that should be left to the states."

He said "In the case of our own state, the Texas Legislature has enacted a no-fault bill that is tailored to the needs of our citizens and perfectly adequate to attain the objectives of the federal bill. The federal bill would preempt our state statute."

Other objections include claims by some that it would mean higher insurance rates -- that the bill itself is unconstitutional -- and that the federal program could jeopardize a citizen's right of recovery for personal injuries, Tower continued.

He said that testimony during public hearings on the bill indicated that such a program would hurt small insurance companies.

"Most of the very large insurance companies favor the plan because they know that what the bill really is to them a federal grant of monoply," Tower said.

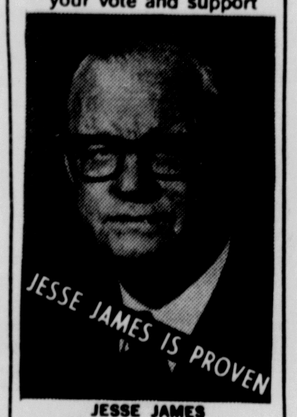
He added that the cost of auto insurance is of major concern to most car owners. Probably the cost crucial issue involving the federal no-fault bill now pending in the Senate is the argument that it will increase -- not decrease -- premium rates in virtually every state.

"Certainly this would be true in Texas," Tower said.

"After reviewing the evidence presented at the committee hearings," Tower said, "I have reached the conclusion that if the concept of no-fault insurance is timely and of proven worth, and I have not yet so decided, the implementation of this concept would be best left to the states.

"The McCarran - Ferguson Act of 1945 assigned to the states the primary responsibility for the supervision of insurance. This concept has worked well in Texas, and it is my contention that insurance regulations in our state should be left to the State Insurance Board."

LET'S RE-ELECT
JESSE JAMES
STATE TREASURER
His proven record merits your vote and support



JESSE JAMES
STATE TREASURER
State Treasurer Jesse James made for the people of Texas over $35,963,000.00 last year in interest earned on State Funds deposited in over 1,180 Texas Banks, more than any Multi-Billion Dollar Bank in Texas made net during the same period.
Jesse James saved the taxpayer over $100,000,000.00 financing the General Revenue deficit.
Jesse James has proven he knows how to handle your State Finances efficiently.
LET'S VOTE FOR AND RE-ELECT
JESSE JAMES
STATE TREASURER

THREE TONS FLYING — Newtka, the huge killer whale, leaps high above her saltwater pool at Seven Seas marine life park in Arlington. The 6,000-pound whale is a featured performer at the fun center which opens May 3 under the management of Six Flags, Inc., In addition to regular shows, park guests will be able to see Newtka undergoing training for new routines.

Tire Grading System Must Help Consumers

A tire industry spokesman says, "We must make sure the forthcoming tire quality grading system offers the consumer more, and that it doesn't trade away quality and price competition for a theoretical uniformity."

Malcolm R. Lovell, Jr., president of the Rubber Manufacturers Association, said he is confident such a system can emerge from continued cooperation between industry and government.

"We believe substantive progress has been made in refining the earlier proposals," Lovell said in a speech before the Washington Rubber group.

"While there are still unresolved problems, we can see light at the end of the tunnel," he said.

Lovell cited the government's recognition that its earlier deadline of Sept. 1, 1974 for establishment of a grading system is not longer realistic because many technical problems have not yet been solved, including the production of the control tires.

In answer to a suit brought by a consumer group, the Department of Transportation recently told the U. S. Court of Appeals here it is "impossible for the tire manufacturers to meet the old deadline because control tire contracts have not as yet been let, test surfaces are not available in adequate numbers and because of the need to make appropriate changes in tire molds.

Lovell called for an extension in the present deadline to improve the proposed system and allow manufacturers adequate time to implement it.

"The law requires the establishment of a system which will be really helpful to the consumer and we support that objective," Lovell declared.

The Department of Transportation has proposed a system which calls for six grades of treadwear, four grades of traction, and three grades of high speed performance.

The industry has recommended four grades of treadwear and two grades of high speed -- one for passenger cars and one for emergency vehicles. It maintains more study is needed to improve the DOT traction grading system because tires perform very differently on various surfaces such as wet and dry concrete and asphalt.

"Let's make sure our quality grading system doesn't promise more than our current technology can deliver," Lovell cautioned.

He said no one should underestimate the American consumer's ability to make his voice heard in the marketplace and to make final decisions as to what is in his best interest.

" It is good public policy for the consumer to be protected against fraud, artificially set prices and hazardous products," he explained. "It is not necessarily in the public interest for a small group of so-called consumer advocates, whether inside or outside government, to substitute their judgment for that of the individual buyer when it comes to the nature of quality-price choices and trade-offs that may be offered."

In the long run everyone will be better off, he said, if the consumer has the opportunity to make his own informed choice, based on essential facts.

"Uniform tire quality grading can be a help or a hindrance to the consumer, depending on the shape it finally takes" Lovell declared. "We want it to help him make a more informed choice, not confuse him all over again."

DAs Condemn May 4 Referendum On Gambling

In an unprecedented action five Texas district attorneys have joined in publicly condemning the May 4 primary election referendum proposition to legalize pari-mutuel racetrack gambling in the state.

In a letter released Saturday, April 27, they appeal to all district attorneys in Texas for their assistance in defeating the referendum proposal.

Signing the letter were District Attorneys Carol S. Vance of Houston, Robert O. Smith of Austin, Joe Carroll of Temple, Tom Hanna of Beaumont and George Dowlen of Canyon/Amarillo.

Calling racetrack betting "a matter of the gravest concern to all of us in law enforcement in the State of Texas," the five men stated:

"Our caseloads already are staggering. Our local officers already face nearly insurmountable problems in obtaining hard evidence against the bookmakers now operating in Texas. Despite our best efforts, organized crime already is taking a billion dollars a year out of the state economy - most of it in illegal gambling profits.

"Public sanction and acceptance of legalized gambling encourages and fosters even greater illegal gambling, And, it will add to our many social ills by preying upon the weak and the many potential compulsive gamblers."

Anti-Crime Group Says Ads Dishonest

DALLAS

Advertisements promoting parimutuel betting in Texas were characterized as dishonest today by Abner V. McCall, co-chairman of the Anti-Crime Council of Texas.

"The advertise ments of the gambling proponents is mis-leading," said McCall. "It asks us to legalize horse racing. Horse racing already is legal."

McCall noted proponents of parimutuel betting "don't even attempt to make the case for gambling," a situation he said is "interesting."

"ACT (Anti-Crime Council of Texas) is not against horses or horse racing. ACT is against commercialized gambling," McCall said in his statement.

He added: "The vote on May 4 is on gambling, not horse racing."

McCall, noting a half-million dollar campaign to promote gambling, commented: "We are confident the gamblers will not be able to buy the election with a barrage of misleading advertising."

Public Employees Seek Salary Rise

More than 45,000 public employees have petitioned Governor Dolph Briscoe to call a special session of the Legislature to consider a salary adjustment for state employees.

At a Capitol news conference, Texas Public Employees Association president Walter H. Looney said the petition calls for an immediate 10.2 percent adjustment in salary schedules.

He said, "Because of inflation, employees of the State of Texas are taking a cut in pay in terms of real income. State employees need a 10.2 percent adjustment just to keep pace wit inflation which has occurred during the last year."

Internationally recognized wage authority Dr. Ray Marshall, who has completed an extensive study on compensation of Texas public employees, presented some of his findings at the news conference.

"The income position of Texas state employees," he said, "has significantly deteriorated since October, 1968, when average earnings of Texas public employees were 97 percent of the average earnings of other state employees in the nation. By October, 1974, the average earnings of Texas state employees will be only 84 percent of the national average.

"To bring salaries of Texas employees up to the national average will require an adjustment of 26 percent during the fiscal year beginning in September 1975, unless something is done now."

Dr Marshall is professor of economics at the University of Texas and director of the Center for the Study of Human Resources. He is a consultant to U.S. leaders and foreign nations in the areas of manpower and labor issues.

Looney said, "We are not asking to make Texas number one among the states in wages paid to state employees. We're simply asking for a cost-of-living increase to prevent the deterioration of buying power through inflation. We believe we're faced with an emergency situation, and we're asking the Governor to do everything in his power to ease the financial strain on the more than 70,000 Texans who are employed to carry out the state's governmental programs."

CTC Begins Registration For Summer

Central Texas College will begin pre-registration for the Summer 1974 Session on Monday, May 6. Pre-registration will continue at the College through May 30 with final registration held on May 30 with final registration held on May 31.

Students who pre-register have the advantage of choosing their classes at times more convenient to them and avoiding many of the lines at final registration. Classes for the Summer will begin on June 3.

Prospective students who plan to attend Central Texas College on a full-time basis during the Summer 1974 Session must make an appointment with a counselor in the Student Services Office (526-1222). During this appointment, the counselor will assist the student in planning his course work in the program the student wishes to enter. Returning students should contact their department chairmen to set up an appointment for counseling.

Students may register at the CTC Records Office from 8 a.m. until 8 p.m. Monday through Thursday and from 8 a.m. until 5 p.m. on Fridays. Registration materials for entering Central Texas College are available at the Records office.

Seven Seas Features Puppet Show

Pink hippos, singing mermaids and furry things called "nards" will be among the stars of the world's first underwater puppet show at Seven Seas marine life park.

"Seabottom Symphony" will be presented in the park's 2,400 seat underwater theater.

The unique show, produced by Paul Osborne and Associates of Dallas, features 100 specially - designed puppets which are manipulated by scuba diving puppeteers.

The puppeteers, all college students, were selected for their underwater diving skills and are being taught the art of puppetry.

Some of the puppets, including the characters in a "hippo ballet" sequence, are body puppets which are worn over the divers' wetsuits and scuba tanks.

Others are operated from beneath the stage by means of clear plastic rods which are virtually invisible in the water.

Still other characters are "upside down marionettes." They are controlled by the puppeteers pulling strings from below.

Seven Seas will be open weekends only from May 3 through May 19. Daily operation will begin May 25.

The entertainment center is located adjacent to Six Flags Over Texas in Arlington, midway between Dallas and Fort Worth.

Western Week Set By Mexia Jaycees

Western Week kicks off in Mexia with special events scheduled on each day of the six day affair. Western wear is "in" for the week and prizes will be given for the best dressed merchant and employee.

A downtown parade is scheduled for 4:30 p.m. on Thursday, May 9.

The first rodeo performance begins at 8 p.m. on Thursday. Rodeos will also be held on Friday and Saturday. Following each rodeo a dance will be held in the downtown area. Music will be provided by The Country Strangers.

Saturday the Mexia Jaycees will sponsor contests throughout the day at the rodeo grounds. The farm products and arts and crafts judging will be held Saturday at the rodeo grounds.

Prizes will be awarded on Saturday for the beard growing contest.

Notice of the Names of Persons Appearing as the Owners of Unclaimed Amounts Held By:

The Citizens National Bank of Cameron
118 South Houston, Cameron, Texas 76520

This notice is given and published pursuant to Section 3, Article 3272b, Revised Civil Statutes of the State of Texas, in an effort to locate persons who are the depositiors or owners of amounts in accounts that have remained inactive or dormant according to the provisions of Article 3272b for more than seven (7) years.

The unclaimed amounts due the depositors or owners listed herein will be paid upon proof of ownership at the office of the named depository within nine (9) months, and if unclaimed thereafter they may be subject to report to and conservation by the State Treasurer in accordance with said Article 3272b.

Sissy Speaks Out On the Issues!

Public School Finance

"That man talks about no new taxes. . . . Well, let me tell you where the taxes already are. 44% of the school districts in Texas had to raise their property tax this year. 75% of the remaining districts which did not raise their taxes this year will be forced to raise them next year."

As Governor, Sissy would:

- call a special session of the Legislature to appropriate the excess funds in the state treasury to schools in a fair manner.
- correct the inequities of the property tax.
- employ measures of allocating funds to public schools which will recognize the varied needs and background of the school children in the state.
- raise teacher salaries to a level of comparison with any other state in the country, and assure retired teacher benefits are adequate.

You do have a Choice May 4th

Legal Notice-

NOTICE OF SHERIFF'S SALE

STATE OF TEXAS
COUNTY OF MILAM

NOTICE IS HEREBY GIVEN THAT, by virtue of a certain Writ of Execution issued out of the 20th District Court of Milam County, Texas, on April 30, 1974, by the District Clerk of said County, for the sums as follows, to - wit; $10,832.50 with interest from July 9, 1973, at the rate of 6% per annum, $1,110.00 with interest at 6% per annum from and after July 9, 1973, and all costs of suit, under a final judgment in favor of Lambert Hollub and W. A. Hollub in that certain cause number 16,662, filed Lambert Hollub, et al, VS. Ka-Hugh Enterprises, Inc., I, the undersigned Sheriff of Milam County, Texas did on the 30th day of April, 1974, levy on certain real estate described as follows, to-wit;

All that certain piece or parcel of land, lying and being situated in the County of Milam and the State of Texas, and being described as follows, to-wit: Being a tract of land in the D. Houston league in Milam County, Texas, to-wit: beginning at the NE corner of a tract of 264 acres conveyed by J. E. Cherry Sr. to P. G. Rucker; Thence N. 19 W. 703 vrs. to the SE corner of a tract known as the Gee tract. Thence S. 71 W. 1390 vrs. to the S. W. corner of said Gee tract. Thence S. 19 E. 703 vrs. to the N. W. corner of the said Rucker 264 acres. Thence N. 71 #. 1390 vrs. to the beginning, containing 173 acres of land and being the same land conveyed to said J. E. Cherry Sr. by Harriett E. Houston, by deed recorded in Book 11, page 303 and304 of the Milam County Deed Records.

Described in a deed from Verna Williams et al to R. F. Crittenden dated May 25, 1962, and recorded in volume 320 page 49 deed records of Milam County, Texas,

and levied upon as the property of the said Ka-Hugh Enterprises Inc, and in that on the 1st Tuesday in June, 1974, the same being the 4th day of said month, at the Courthouse door of Milam County, in the City of Cameron, Texas, between the hours of 10 a.m. and 4 p.m. by virtue of said levy and said final judgment and said Writ of Execution, I will sell above said described real estate at public vendue for cash, to the highest bidder, as the property of said Ka-Hugh Enterprises, Inc.
WITNESS MY HAND this the 30 day of April, 1974.

CARL BLACK
SHERIFF OF MILAM COUNTY, TEXAS

PATIO GARDENS

You'd like to be a gardener too, but do not have room for the usual garden. But you do have a window sill, a balcony, or doorstep or patio. You have enough space for a mini-garden.

The basic materials you will need for patio mini-gardens are containers, soil—synthetic or otherwise and some seeds or plants.

Containers. You need a container large enough to hold the full grown plant. It can be plastic or clay pots, plastic bucket or basket or a bushel basket or wooden box. Most any container can be used.

Six inch pots are fine for herbs and chives.

Ten inch ones are great for radishes, onions and miniature tomatoes.

Half bushel, bushel baskets or five gallon plastic trash cans are suitable for the average sized patio.

Be sure to make drainage holes in solid plastic containers by drilling 4 evenly spaced ¼" holes along the sides near the bottom—not in the bottom. Add ½" gravel in the bottom of each container.

Soil. Synthetic soil is good for patio garden as it is a mixture of vermiculite, peat moss and fertilizer. It's available at most garden centers—it holds moisture and plant nutrients well, is light weight and portable and free from plant disease organisms. If you use regular soil—be sure it has a good mixture of peat moss and fertilizers.

Seeds. Good seeds and plants are very important to any successful gardening. Be sure you get this year's seeds. Your local extension office can recommend varieties best for your area.

Search out your available containers, get proper soil and seeds or plants and have a patio garden.

For more information, send me your name and address or check with your local extension office.
